

As Reliable as the Sun

## A CULTURE OF INNOVATION

Since Solar Technology was founded in 1991, innovation has driven the company. In response to customer needs, we've created technological advancements in both engineering and design, as well as out manufacturing processes.

**2017** – introduces **SmartZone** (real time workzone ITS software) and Message Boards with Cameras. Adds Remote Communication (embedded modem, GPS and cellular service) to all Arrow Boards

**2016** – adds Remote Communication (embedded modem, GPS and cellular service) to all Message Board products and is awarded **ISO-9001:2015 Certification**

**2015** – adds **SolarComm Universal** (modem with GPS and secure cellular service for use with any manufacturers' NTCIP message board) and battery anti-theft devices to all products

**2014** – announces 5 years of Remote Communications (embedded modem, GPS and cellular service) with all Message Board products, and introduces **SolarTrak**, a GPS/telemetry Fleet Management solution for construction and rental fleets

**2013** – introduces its first solar-powered **Light Tower** the "Silent Illuminator"

**2012** – introduces **Radar Speed Trailers** "Silent Advisors" (RST-1000 and RST-2000)

**2011** – announces full remote control of all Message Boards via any smart phone

**2010** – revises "**MegaTech**" controller to include an embedded GPS receiver and introduces the smallest Message Board the "**Silent Messenger IV**".

**2009** – increases Warranty coverage to Five Years on all products

**2008** – is awarded ISO-9001:2008 Certification.

**2007** – introduces the industry's first touch-screen controller – the "**MegaTech**" controller operating "**TRAFIX**" embedded software with free software updates for life

**2006** – upgrades all Arrow and Message Boards to 100% Surface Mounted LEDs for maximum

reliability

**2005** – introduces the **Incident Response Trailer** (IRT-1548)

**2004** – upgrades all Message Boards from 5mm LEDs to higher reliability SuperFlux LEDs

**2000** – receives ISO-9001:2000 Certification.

**2000** – introduces solar-powered small Full Matrix Message Board the "**Silent Messenger III**" in both trailer mounted and vehicle mounted configurations

**1998** – introduces the first truly solar-powered Full-Sized and Mid-Sized Full Matrix Message Boards the "**Silent Messenger**" and the "**Silent Messenger II**"

**1995** – creates the 3-line 8-character Full-Sized Message Board the "Silent Messenger"

**1991** – Solar Technology Inc. is founded and offers the first truly solar-powered Arrow Board the "**Silent Sentinel**"
