

# Pivot Mount on Bed Rail Base with MBIII Board

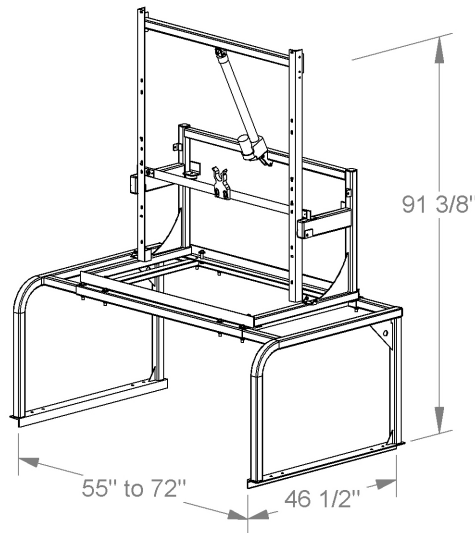

## Standard Equipment

- Manual winch and cable
- In-cab controller
- Power and control cables:  
20', 30' and 45' options

## Optional Equipment

- Powered pivot
- Wireless remote control
- Controller in battery box
- 50W, 100W or 150W solar arrays
- Auxiliary batteries (standard, Gel-Cell or AGM)
- Battery charger: 45 or 55 amp, 120 volt AC
- Vandal-proof battery box upgrades
- Radar

## Pivot Mount on Bed Rail Base

The Bed Rail Mount is used for pickup trucks, and is not mounted in the truck bed, allowing you full access to utilize the space.

The Pivot Mount allows the sign to fold horizontally behind the cab, allowing for an unobstructed view for the driver.

Sign sizes available for a Bed Rail Base configuration:

- 30" x 60" (2 Line)
- 30" x 60" (4 Line)
- 33" x 78" (2 Line)
- 38" x 92" (2 Line)
- 46" x 78" (3 Line)

Pivot Mount on Large Skid

## Skid-Mount Base

The skid mounts are the most versatile, and come in two standard heights: Large (49" high) or Small (18" high). Skid Mounts can be placed anywhere and strapped or bolted in place, and can be used with any pivot mount. Battery boxes can be added to skid bases to power the board.

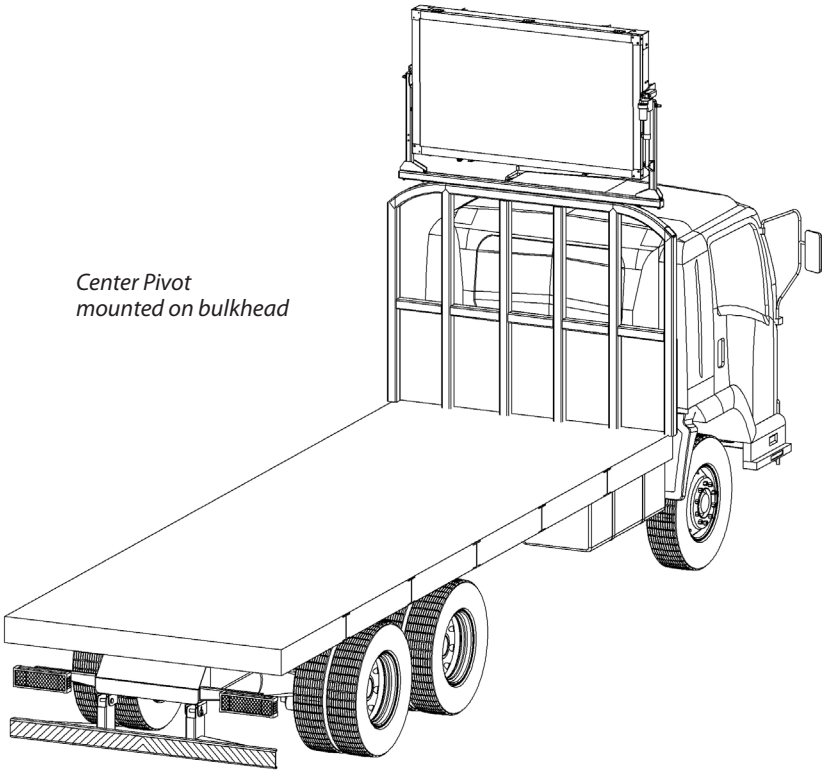

Pivot Mount on Small Skid also available

# Universal Fixed Mount with MBIII Board

## Standard Equipment

Power and control cables  
20', 30', or 45' options

## Universal Fixed Mount

The Universal Fixed Mount permanently attaches a board to a flat surface without pivoting or rotating. Often used on dump trucks or other large vehicles, the Universal Fixed Mount can support signs of any size.

Available sign sizes:

- 30" x 60" (2 Line)
- 30" x 60" (4 Line)
- 33" x 78" (2 Line)
- 38" x 92" (2 Line)
- 46" x 78" (3 Line)
- 54" x 92" (3 Line)\*

\* Not available for Pickup/Utility Trucks
